

simply natural,
maintenance free

Designer: Tiago Curioni - Life Collection

BenettiMOSS is the maintenance free, interior vertical moss garden. 100% natural, preserved lichen. Harvested without environmental impact or damage, preserved using non-toxic ingredients and processes, **BenettiMOSS** provides an innovative and sustainable green look, suitable for any interior design project.

BenettiMOSS ships ready for installation. On site adjustments to size and shape are simple. At the factory, Moss is hand applied to a structural substrate, specifically designed for stability and ease of installation. A beautiful green wall can be installed in moments for an extraordinary optical result.

With **BenettiMOSS**, architects and interior designers can create amazing green spaces from a residential villa to Hospitality, Retail or Commercial office space.

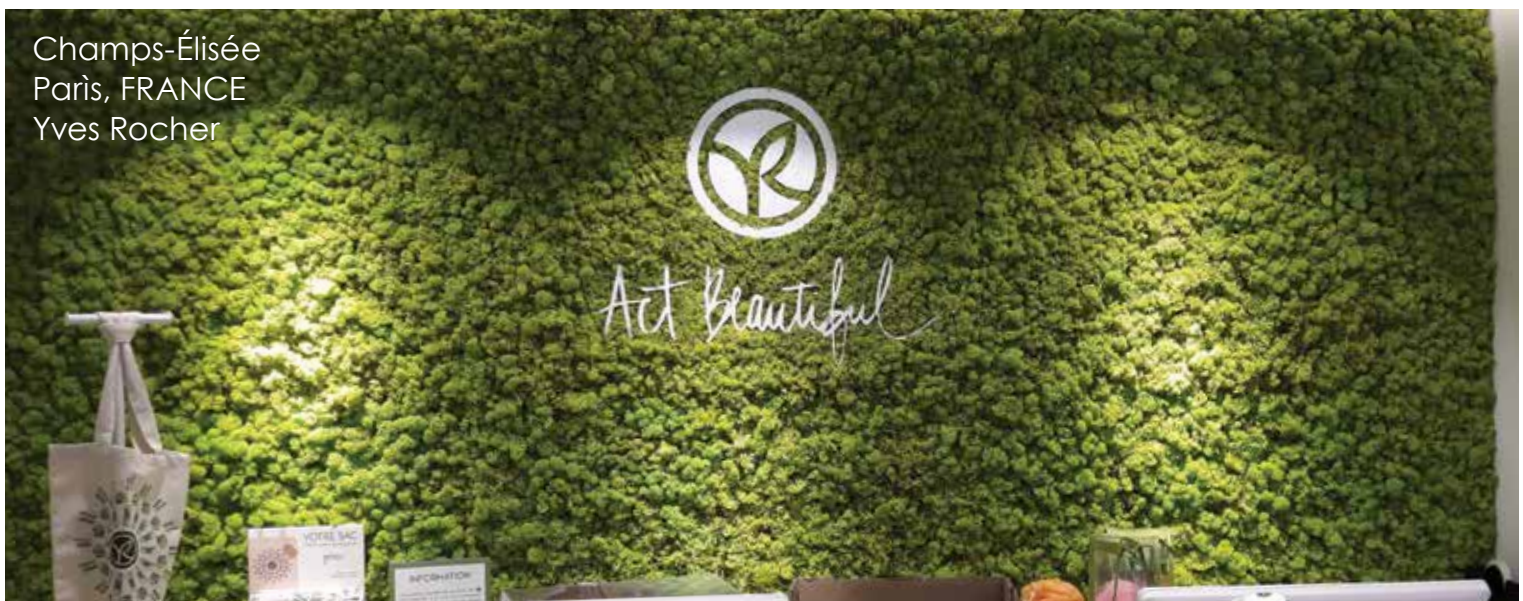

BenettiMOSS modern green look and strong aesthetic impact make its use a successful tool for any design professional.

Find out how easy is creating your own vertical garden! Follow us!

ITALIAN DESIGN emotion

- ✓ 100% natural preserved lichen
 - ✓ Harvested without environmental impact
 - ✓ Preserved using non toxic ingredients
 - ✓ Antimicrobial properties
 - ✓ Does not attract insects
 - ✓ Requires a 35% minimum relative humidity rate – optimal conditions for your well being
 - ✓ **MOSS Spray available for seasonal humidity rates below 35%**
 - ✓ Maintenance free
 - ✓ Will not grow, no need to prune or water
 - ✓ Does not need sunlight
 - ✓ Fireproof certified in accordance with UNI EN 13501 - +A1 : 2013 (B-s2 class, d0) and ASTM E 84-17 (A class)
 - ✓ Long lasting
 - ✓ No monthly maintenance
 - ✓ No electrostatic charge
 - ✓ Does not attract dust
 - ✓ Allows design flexibility and adjustment
 - ✓ Customizable design options
 - ✓ **BenettiMOSS** is for interior spaces
 - ✓ **BenettiMOSS** has acoustical properties; it reduces the voice frequency
 - ✓ Shades variations of color and slight natural lichen aroma are a testament to its natural origin
 - ✓ As for any natural product, a slight tone and colour variation over time is to be considered as normal
-
- ✗ Never water
 - ✗ Limit exposure to direct sunlight

Champs-Élysée
Paris, FRANCE

SIZE, COLORS & SPECIAL MIX

Standard size: 60x80 cm / 23.62"x31.50"

Natural colour: cream

Other colours: obtained with food colouring. Shades are a characteristic of the product and are to be considered as a quality feature and guarantee of its natural origin. **Custom made sizes or colors mix on request.**

SUBSTRATES

ALUMINUM

Technical backing made of a painted aluminum sandwich. It's composed of a central body in polyethylene contained in two sheets of aluminum cover.

FLEXIBLE

Flexible backing suitable for curved walls, columns, undulating surfaces or already existing shapes. Very easy to cut and lay.

MOSS spray: save your MOSS

Our experience gained over years in care and maintenance of preserved lichen, **Benetti** has solved the only unfavorable outcome that may effect this amazing product: low humidity. Marketed worldwide with a multitude of different climates and seasons, **BenettiMOSS** has created a patented “**MOSS Spray**” solution now available to keep your green wall perfect during seasonal humidity changes and extended years of beauty.

MOSS Spray Used only as necessary. A natural, non-toxic, odorless topical spray designed to replenish during dry spells and keep your **BenettiMOSS** wall soft and subtle for those dry spells.

BENETTIMOSS LOGO

Give your brand a new green look with a **BenettiMOSS Logo**

Large or small, complex or simple **BenettiMOSS** will collaborate with you to create a Logo that will stand out and enhance your brand.

All we need is your Vector and your color selection. Leave the rest to us.

We offer black or white 2 cm pvc frame options. Logo shipped with suspended mounting kit.

We
are
here

From now on not ONLY MOSS

Two new vertical
garden proposals:
preserved,
maintenance free,
supplied on panels
and easy to be
installed.

BenettiFERN

BenettiFERN and **BenettiLEAFAGE**:
the new green collections by
BenettiHOME.

Preserved and maintenance free, they are supplied on aluminum panel standard size 60x80 cm. (23.62" x 31.50").

The fixation is easy and quick (preferably by screwing). After laying the panels, the edges will be fully covered by the plants, obtaining an amazing optical final result.

BenettiFERN and **BenettiLEAFAGE** are for interior only.
